Continuation of Substance of Interview including description of the general nature of what was discussed:

It was noted that the Amendment received 03/09/2001 failed to indicate bracketing and underlining in this reissue application to note the deletions and additions, respectively, to the specification. Applicant's attorney was informed that an examiner's amendment would be prepared to provide bracketing and underlining, as necessary, and that the content of the pages presented with changes in the 03/09/01 amendment would be compared to the original specification and reviewed for clarity.
